

SR-1007

GAS ALARM

DESCRIPTION:

Household gas alarm, developed using advanced electrotechnical techniques, used for detecting domestic, liquid gasses and natural gas leaks.

PRODUCT SPECIFICATION:

- Rated voltage: 230~250 V 50~60 Hz
- Power dissipation: 2,1 W
- Operating temperature: 0°C ~ +50°C
- Operating humidity: 10% ~ 95%
- Compliance with EU directive: EN 50194-1:2009
- Alarming level of gas density: 2500 PPM (+/- 1500 PPM)
- Alarm loudness / effective range: 85 dB/ 1 m
- Dimensions: 97x97x33 mm
- Cable length: 1,35 m

PACKAGE INCLUDE:

- Gas Alarm SR-1007
- Mounting anchor with screw x 2
- User manual

Confirmed compliance with EU directive: EN 50194-1:2009
